The Sublimity Mask Project

The Mask project is underway and many masks have already been delivered to the most vulnerable residents here in Sublimity. The next step will be delivering to every home in our community with plans to start by May 1st. Once we have the wanted or needed masks for all our residents the overflow will be dropped off and the SIT Office in Ditter Square and at multiple locations around the canyon, to be determined. Council member Greg Atkin has taken on the lead for this project from his home. If you live outside the City limits or know someone that may need one please contact Council member Atkin.

If you need information on how to get a mask please call 503-949-1567.
The mask are not at city hall as the City Hall is closed to the Public at this time.

SAFE SIDEWALKS

A reminder to property owners and or occupants that it is their responsibility to keep sidewalk areas in front of the property clean and clear of debris, dirt, weeds, shrubbery, low branches and safe for the public to use at all times. This also includes weeds in the area in front of the curb. Please do not blow or sweep any debris from driveways or sidewalks into the storm drains or street.

Mayor's Message

Hello everyone,
As April comes to a close, there are many things to be thankful for, like living in a community that cares for its neighbors. The neighborhood mask building project spearheaded by our Councilman Greg Atkin is all about neighbors helping neighbors. **Thank you to everyone that is helping with this project!** Please be patient with City Hall staff the next few months while Katie is out on leave. Myrna will have help in City Hall, but will need some patience as she trains the interim person and continues to work from home.
I enjoy hearing from you and as always if you have a question, comment or concern, feel free to contact me at james.kingsbury@cityofsublimity.org.
